# Loras College Statewide Illinois Survey
# October 2016—Toplines and Crosstabs

**Field Dates: October 26–27, 2016**
**Completed Surveys: 600**
**Margin of Error: +/– 4.0%**

**Notes on Methodology**: The Loras College Poll surveyed 600 likely voters in Illinois.  The survey was conducted October 26-27, 2016.  Margin of error for full sample is +/- 4%.  Results calculated at a 95% confidence interval.

➢ Statewide sample balanced for standard demographic variables such as age and gender, as well as by geography (City of Chicago, Chicago MSA, and Downstate).  Party composition to approximate past electorate.
➢ Survey included both landlines and cell phones (55% to 45%, respectively)
➢ Survey conducted with a random sample of registered voters (voter list purchased through a third party vendor).
➢ Screen for likely voter is respondent report of "definitely" or "very likely" to vote in the November election.
➢ The survey was conducted using live operator interviews through a contracted professional call center.
  Script development and methodology received input from Republican campaign consultant Brian Dumas and Democratic campaign consultant David Heller.

**Q1. Are you registered to vote in Illinois?**

Yes..........................................................600           100.0%

No..............................................................0           0

**Q2. In November there will be an election for President of the United States, as well as for U.S. Senate. How likely would you say you are to vote in this upcoming election? Would you say you will definitely vote, or are you very likely, somewhat likely, somewhat unlikely, unlikely, or will you definitely not vote in the election?**
